## VENUE OF THE CONFERENCE

CEA - Budapest, Városmajor street 12-14.

## CONCEPT

The Central European Academy's workshop series continues with its third event, scheduled for October 10, 2024, in Budapest. Following the successful spring workshop held in Bratislava earlier this year, this event will once again bring together young researchers and students to engage in academic discussions across various disciplines. The Budapest workshop will provide a platform for participants to receive valuable feedback from experienced professors, further developing their research skills and expanding their professional networks. As part of the ongoing effort to promote international collaboration, this event marks another significant step in strengthening academic exchange between institutions.
